Dear Mrs. Offer,

I am writing following your recent section 5 inspection. Although your school was judged to require improvement overall, I was pleased to see that your leadership and management were judged to be good.

It is really encouraging to read that you lead the school with determination and understand where further improvement is required. Although the quality of teaching, learning and assessment is not yet good, inspectors noted the high expectations you have of your teachers and the effective training that you have put in place for them. Consequently, teaching is improving, particularly in phonics and mathematics. You have also been successful in supporting pupils who have special educational needs and/or disabilities. As a result, their outcomes are improving.

I know that you and your team will be continuing your good work. I hope this will be reflected in your next inspection outcome, probably in two years' time or so.

In the meantime I have asked Christopher Russell HMI, Regional Director, South-East, and his Senior HMI to be available if you wish to discuss your progress.

Yours sincerely

Amanda Spielman
